### Principal Corner

To our students, I ask that you reflect on your goals and strive not only to pursue personal excellence but also to demonstrate your perseverance and integrity. Know that I am here to support and encourage you as you explore different possibilities and grow as learners. Remember that with these opportunities, comes both a personal and collective responsibility to be supportive of one another. I will count on you to go beyond tolerance and treat all members of our community with respect. A school that aspires to greatness can expect no less.

To our parents, it is through your support that we make a significant difference in the lives of our students. As we strive to take SunEd High of North Broward to its fifth year of growth in becoming a School of Excellence and third year of being a “Commendable” school, our partnership becomes that much more critical. The SunEd High community has dedicated itself completely to the education of its students and has placed great trust in our school. I understand the importance of this trust and vow to work for the best interests of our students and community.

Sincerely from your Principal,

Ms. Tammy Lara
