## SunEd High Mission Statement

The mission of SunEd High is to provide our students with a safe and nurturing learning environment that will help them achieve their goals—both academically and personally. We believe that by working with families and the community, all students can achieve their maximum potential. We are committed to working together to provide each student with the best possible education while instilling in every student the belief that they can succeed and become responsible, contributing members of society.

### *Principal Corner*

I hope this finds you all happy, healthy, and staying safe!

SunEd High is committed to providing all students with a wealth of opportunities for an excellent education. As we move into the 20-21 School Year, we will strive to provide this education in a safe, productive, and efficient manner which follows the guidelines of the Department of Education, CDC and the Broward School District. These decisions on the way we will return to school are still being decided. I will be sending out important information to all stakeholders in the next week regarding these decisions. Please look for an email from me soon.

Your Principal,  
 Tammy Lara
